Acquisition International Recognise Sterling Financial Group Inc. in the 2017 Hedge Fund Awards

United Kingdom, 2016 – Acquisition International Magazine has awarded Sterling Financial Group Inc. ‘Best Fund Manager 2016 - The Bahamas & Best Mortgage-Backed Fixed Income Fund (5 Years): Sterling Mortgage Income Fund Class A’ announced the winners of the 2017 Hedge Fund Awards.

A traditionally fast paced industry, the hedge fund market has seen many challenges this year as financial markets around the world face political and social struggles. Despite this, many firms have excelled in the last twelve months, working diligently to provide strong returns and quality investor support.

Innovation, dedication and sheer hard work are all valued in the 2017 Hedge Fund Awards, as we seek the very best that the industry has to offer. We have rewarded and recognised the firms, and the individuals behind them, who have strived through thick and thin to achieve excellence.

Sterling Financial Group capitalizes on over half a century of successful real estate and investment experience of its management team to offer a wide range of financial services to its clients. The firm’s primary investment focus is in real estate and related services including mortgage lending and they have active investments and projects throughout the Caribbean and North America.

Discussing the awards, Coordinator Peter Rujgev commented: “It has been a true honour to be able to showcase the hard work and commitment of every one of my deserving winners. This programme has been going on for five years now, and during that time we have highlighted some of the industry’s greats. I would like to congratulate Sterling Financial Group Inc. and wish them good fortune forward.”

Acquisition International prides itself on the validity of its awards and winners. The awards are given solely on merit and are awarded to commend those most deserving for their ingenuity and hard work, distinguishing them from their competitors and proving them worthy of recognition.
